MSP SOLIDARITY COALITION

**Your Voice.
Your Power.
Your Union!**

OUR PILLARS

SOLIDARITY
EMPOWERMENT
TRANSPARENCY

We are committed to a union driven by member participation, solidarity, empowerment, and transparency.

By strengthening connections, amplifying voices, and taking action together, we will create a more inclusive, open, and member-led union that shapes our collective future.

OUR GOALS

Together, we will...

Foster an inclusive union culture; keep our union active year-round and advocate beyond bargaining; build a strong 2027 Bargaining Campaign with collective input; expand Silent Bargaining Representatives to amplify voices.

Modernize the MSP Constitution to increase member involvement; develop opportunities for member advocacy, leadership, bargaining, and grievance training; support faculty-led initiatives on key workplace concerns.

Strengthen leader accountability; increase member participation in meetings; share agendas in advance and post minutes online; enhance communication with an improved website, social media, and newsletter.

OUR RECORD

So far, we have...

Revitalized the grievance process, expanding access to support and securing meaningful victories for many members

Built a stronger bargaining team, increasing member participation and representation in negotiations

Expanded the Silent Bargaining program, ensuring member voices are heard at the table

Increased bargaining transparency, providing regular updates and launching a proposal tracker

Strengthened union governance, passing an election policy to ensure fair and transparent leadership

Fostered a more engaged and democratic union, one that serves and empowers all members
